

Tony DeSare....I LOVE A PIANO - Blurb

Tony DeSare is no ordinary crooner! Hailed by the New York Times as “.....a lean baby Sinatra with burning brown eyes and flashing teeth.....his sly performance establishes the kind of connection to a younger generation that has helped make Michael Buble a heartthrob.....his intonation and enunciation are impeccable.”

But that’s not all. Tony is also an acclaimed pianist and his new show – I Love A Piano – features his finger chops as much as his vocal skills. This is borne out with a stirring rendition of Rhapsody In Blue, combined with vocal favorites such as Fly Me To The Moon, Great Balls of Fire, Imagine, and an Elton John Medley, I Love A Piano is a barn burner of a show.
