VELVETY SIBLING HARMONIES ONLY
A FAMILY CAN DELIVER

derik nelson & FAMILY

Raised in the Pacific Northwest, siblings Derik, Riana, and Dalten have been performing together since childhood.

The Nelson siblings have garnered over 3.5 million views on YouTube, toured over 60 locations across the West Coast U.S.A., reached over 12,000 students with educational music workshops, and are proud to tour nationwide with their own headlining concert as a family.

Derik Nelson & Family's concert features pristine sound, a state of the art light show, and an integrated 20-foot video display. Derik's interactive "clones" are featured throughout the show on the 5 screen video "wall." The multiple "Derik clones" play many different instruments as a "virtual band." This innovative technical marvel designed by Dalten uses the latest in audio/video technology to take audiences on an aural and visual journey through time, space, an array of landscapes, and weather conditions.

Listeners will be impressed with the perfectly blended three-part-harmony vocals, in addition to Derik's thoughtful arrangements of cover songs from a variety of genres, styles, and eras. These genuinely kind, charming, and talented siblings have a bond that's palpable, both on stage and off. Audiences of every age are sure to be mesmerized from the opening to the dazzling finish!

In early 2020, as U.S. Cultural Ambassadors and Arts Envoys, the siblings have taken the opportunity to work in the beautiful country of Ukraine through the U.S. Department of State. While in Ukraine, they'll lead workshops in Kyiv about songwriting, creative courage, & arts, culminating with a concert and showcase of their students. We'll also be presenting a lecture on creating an independent career in music and the arts, and performing for the public.
