

Dan Miller's AMERICOUSTIC

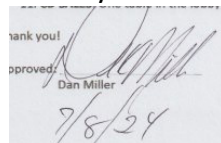

A duo including Dan Miller and Wendy Corr

Preliminary Technical Rider

1. **ARRIVAL:** The duo plans to arrive at your venue 4 hours before the performance begins. Thank you for being well prepared to assist them in presenting the best possible performance.
2. **STAGE:** The minimum stage size is 25' wide x 20' deep. The performing area should be free of all sets, props and equipment, and be swept clean.
3. **SOUND:** The duo plans to tie into the house sound system. But they will carry a sound system to augment the house gear as needed. They plan to use their own microphones and stage monitors, and will run sound from the stage.
4. **HOUSE SOUND TECHNICIAN:** Please have the house sound technician available to set and assist with the sound for the performance.
5. **LIGHTING:** The best available lighting will be used. At minimum, there should be a warm wash over the performers. If colored gels and specials are available, they can be set and arranged at the trio's arrival.
6. **HOUSE LIGHTING TECHNICIAN:** Please have the house lighting technician available at load-in to set and run lights for the performance.
7. **DRESSING ROOMS:** Two clean, well heated/cooled dressing rooms are needed. Both rooms should be equipped with chairs, mirror, clothes rack and waste basket. Both rooms should be near the stage and private lavatory facilities.
8. **HOSPITALITY:** 6 bottles of water and a reasonable selection of fresh fruit and veggies.
9. **MEAL:** A health hot meal for two people is required 1-2 hours prior to performance. Please consult with artist the week of the concert.
10. **CD SALES:** One table in the lobby from which to sell CDs, and someone to assist.

Thank you!

Thank you!
